Domenico Recognized by United Way for Human Services Contributions

Rochester, NY, October, 2009 – The United Way of Greater Rochester recognized Gary Domenico, board chairman of Bivona Child Advocacy Center with the *Board Leadership Award* at The Greater Rochester Awards Luncheon on October 30. The Board Leadership Award is presented to a non-profit Board Chairman who has enhanced the mission and reputation of the agency through effective leadership, fundraising, strategic planning, community collaboration, and problem solving.

“If every nonprofit organization had a Gary Domenico on their Board they would be incredibly fortunate,” commented Mary Whittier, Executive Director, Bivona Child Advocacy Center (BCAC). His dedication to the cause, his commitment to the organization and its success coupled with his phenomenal leadership has earned him the respect of his fellow Board members, the staff, our partner agencies and the community as a whole.”

“I am truly honored to receive this recognition,” said Gary Domenico. “However the real praise and recognition should be extended to the entire Board and the team at the Bivona Child Advocacy Center for the outstanding services they provide sexually and physically abused children.”

Gary Domenico has been on the Board of Bivona since its inception in 2003 and has played an integral role in taking the BCAC from a start up entrepreneurial nonprofit organization to a sustainable, solid agency that has quickly become the resource for issues around child sexual and physical abuse in our community. He was instrumental in the re-branding process that the BCAC engaged in over a year ago and has participated in every fundraising event that Bivona hosts. Gary is also the President and CEO of General Code, a leading national provider of codification services for municipalities and a document management solutions provider for organizations in the private and public sectors.

One Board member had this to say: “Gary Domenico is a rare combination of strategic thinker, process architect and pragmatic manager. Along with these essential business skills he brings a generous spirit and compassionate heart.”

The Bivona Child Advocacy Center, a non-profit organization, is a safe, welcoming place where children who have been sexually or physically abused can begin their journey to recovery. Bivona staff facilitates an ‘under-one-roof’ collaboration of social and legal agencies to protect, treat and counsel child victims and their families, and to investigate and prosecute the abusers. Bivona provides a compassionate, efficient, cost-effective infrastructure for child abuse intervention.

About General Code

General Code, serving the needs of communities for more than 45 years, provides a variety of products and services to over 2,700 municipal governments, educational organizations and other businesses throughout the United States. We set the standard for improving code enforcement and document management processes, and are on the cutting-edge of technology, providing new and reliable tools to our customers to better serve their constituents. We pride ourselves on our level of experience, our technical knowledge in the industry and our focus on the customer.
